## Supersonic Bomber Production Ordered

WASHINGTON (AP)—The Air Force said Wednesday it has ordered initial production of the Convair B58 medium bomber designed to fly faster than the speed of sound.

It disclosed also the placing of a production contract for the Lockheed F104 lightweight fighter, intended to beat down enemy fighters protecting a battle area.

The announcements were made by Harold E. Taibott, secretary of the Air Force, along with a series of other new orders or reorders for planes and engines which he said raised to \$1,200,000,000 the value of Air Force contracts placed since July 1.

He did not give either the number or the cost of the planes ordered.

## Northeastern U.S. Swelters As Snow Falls In Wyoming

By THE ASSOCIATED PRESS

The Northeastern United States sweltered in the second day of an autumn heat wave Wednesday but snow fell in Eastern Wyoming.

The mercury zoomed to 85 degrees in New York, breaking a 75-year heat record for the date. Newark, N.J., reported 88, a 14-year record, and Boston 86, only one degree shy of a 24-year record for the date. Washington, D.C., had 89.

Butte, Mont., however, had a chill afternoon reading at 35; Casper, Wyo., 38, and St. Cloud, Minn., 46.

A low-pressure area moving eastward from Eastern Nebraska caused widespread rains from Northern Nebraska and South Dakota eastward across Southern Minnesota and Northwestern Iowa and Wisconsin.

Other afternoon readings included St. Louis, 75; Chicago, 76; Miami, 86; Dallas, 91; Denver, 90; Phoenix, 85; Seattle, 50, and Los Angeles, 60.

## Former FBI Agent Names 150 Reds, Tells Of Threats

WASHINGTON (AP)—A former undercover man for the FBI put the finger on about 150 persons as past or present Communists Wednesday and told the Senate Internal Security subcommittee he had been threatened with violence for talking.

The testimony came from Herman E. Thomas of Allentown, Pa., who said he had been thrown on his porch and that his wife received telephone calls Tuesday night advising her that "stool pigeons should get out of town."

Sen. Welker (R-Iowa), acting subcommittee chairman, assured Thomas the federal government would give him and his family "full and complete protection."

In addition to naming a long list of men and women he swore were present or former members of the Communist party in the Lehigh Valley of Eastern Pennsylvania, Thomas reported that Reds have infiltrated key industries in the district.

He testified that in the Communist infiltration plot "steel is the most important basic industry, along with the electric and transportation industries."

Red infiltrators, Thomas said, had been instructed about what part American workers would play in the event of a revolution.

## Patent Office Exhibit Displays Yankee Ingenuity

WASHINGTON (AP)—The Patent Office, normally one of Washington's most unsung, unsung about departments, suddenly is whopping it up.

The Department of Commerce lobby Wednesday has a display of the latest in communications inventions, from television to a contraption by which one may dial a phone by merely speaking the numbers.

Secretary of Commerce Weeks has pronounced: "The American patent system is the fountainhead of industrial progress."

It isn't clear why this inventor's love song should come at this time. But anyone who visits the exhibit is apt to be convinced that they're on the job all right.

The American patent system has been around a long time. The early Colonies granted patents. The first ever given on this continent was by Massachusetts, Week's home state. In 1641 it gave Samuel Winslow a patent on his new way to make salt.

# Wilson Expresses Regret For Inept Remarks While Talking About Jobless

## Hope To Catch Reds For Tearing Dollar Bills In Two

WASHINGTON (AP)—The Senate Internal Security subcommittee plan to see whether it can catch Communists for tearing up dollar bills.

A former FBI undercover man told the subcommittee Wednesday that when a communist was being transferred from one unit to another the leader would tear a dollar in two, giving one half to the man being transferred and sending the other to his new unit.

Identification of the new member was established when the two halves were matched.

The subcommittee, possessing the names of about 150 alleged Reds identified by the witness, announced it is asking police agencies to check on whether the identification trick violates laws against defacing U. S. currency.

## Jobless Miners To Get Surplus Food Soon

CHICAGO (AP)—Surplus foods for jobless miners and persons on public assistance rolls will start flowing into five downstate counties in two to three weeks, officials said today.

Peter W. Cahill, administrative assistant in the Illinois Public Aid Commission, said warehousing has been located and arrangements made for about 5,000 square feet of space in Johnston City.

In addition, he said, surplus commodities are being sought for movement from U. S. Department of Agriculture storage and from supplies new in the hands of the State Department of Public Instruction for the school lunch program.

The warehouse space is known as the Williamson County Commodity Depot, Cahill said. He said the five counties in the program are Hardin, Saline, Williamson, Franklin and Perry.

He said there are about 15,000 persons—jobless miners and those getting public aid—in the five counties who will receive the surplus food as soon as available. In addition, he estimated, there will be from 2,000 to 3,000 others who will be eligible although their unemployment compensation has not yet run out.

Cahill said the distribution would consist of a basic group of five foods which are constantly available—butter, cheese, dried milk powder, shortening and dried beans.

## Floodfighters Watch For Dike Breaks

HAMMOND, Ind., (AP)—Floodfighters kept a watch for dike breaks and looters Wednesday while more than 4,000 persons waited for floodwaters to recede from their homes in the Calumet area and Plymouth.

The Yellow River began dropping from its 1732-foot crest at Plymouth a day after the Little Calumet River started receding around Hammond, Gary and their suburbs.

Although the Little Calumet flood crisis was past, another 50 families were rescued from their homes in suburban Black Oak southwest of Gary, in addition to 50 other families brought out by boat Tuesday night.

Sunny skies encouraged disaster workers, but more showers were possible during the night.

As the Yellow River flood tumbled down toward the Kankakee River, farmers around Knox, 20 miles southwest of Plymouth, rounded up earth moving equipment to try to save their corn and soybean crops.

The flood spilled over a high bank into the Knox town park, but the town of 3,000 expected to escape serious damage.

## Democrats Score Landslide Victory In Alaska Election

JUNEAU, Alaska, (AP)—Alaska Democrats scored an overwhelming victory in Tuesday's "straw-in-the-wind" election, on the basis of mounting returns Wednesday from all parts of the territory.

The outcome assumed the earmarks of a virtual landslide for legislative seats. Congressional Delegate E. L. Bartlett, remarking that "Alaska almost always has pointed the way the nation will vote in November," made this forecast.

"This makes it thoroughly sure the Democrats will organize the national House of Representatives by some 30 seats."

The Democratic delegate, led the way for the party by winning a sixth term by a margin of 2½ to 1. Bartlett drew 72 per cent of the vote in his race with Mrs. Barbara Dimock, legislator. It compared with the 56 per cent vote he polled in 1952.

In past elections November results in the states has paralleled closely Alaska's October pattern despite the cross-currents of local feuding and controversy that mark the territorial campaigning.

In the three major divisions (districts) in which most of the votes were tallied, Democrats were leading for 26 seats in the legislature and Republicans leading for two.

In the remaining division, the remote and sparsely populated "Eskimo country" in the northwest, only the Nome precinct had reported and the trend was inconclusive. Three more House and two Senate seats are at stake there.

Democrats held top spots in both the House and Senate races, but another was at the foot of the list. The delayed votes from the villages will decide those races.

—Disturbed by Sen. Wilson's remark about bird dogs versus kennel dogs urged cancelling of executive speech. Later announced he would introduce Wilson.

CRITICIZED—Defense Secretary Charles E. Wilson drew a deluge of criticism for an off-the-cuff remark that while he had "a lot of sympathy" for the jobless, he always likes bird dogs better than kennel dogs.

## Government Accuses Judge Of Prejudice In Favor Of Lattimore

WASHINGTON (AP)—The government, in a rare action, Wednesday accused U. S. District Judge Luther W. Youngdahl of having "a fixed, personal bias and prejudice" in favor of Owen Lattimore.

U. S. Atty. Leo A. Rover said in an affidavit that the judge "has a fixed opinion" that Lattimore, controversial Far Eastern specialist, is innocent of the perjury charges pending against him.

Rover, although expressing full confidence in Youngdahl's integrity, asked the judge to disqualify himself from any further official connection with the Lattimore case. Lattimore's attorney, served notice they would oppose the request, which they called "scandalous."

Justice Department officials said it was "unusual but not unprecedented" for the government to accuse a judge of bias and prejudice. It is not rare for defense attorneys to file such affidavits.

Youngdahl declined to comment.

He is a former three-term Republican governor of Minnesota and a former judge of the state's Supreme Court. He was named to the federal bench by former President Truman. Some political observers viewed the appointment as inspired by Sen. Humphrey (D-Minn.) to remove Youngdahl, a powerful vote getter from the Minnesota political arena.

Court officials said it was up to Youngdahl to decide whether to remove himself.

Lattimore has twice been indicted on perjury charges, growing out of 12 days of testimony before the Senate Internal Security subcommittee early in 1952.

The subcommittee said Lattimore for years had been an articulate instrument of the Soviet conspiracy. He denied this, as he has denied all other charges against him, including an allegation that Lattimore was the top Soviet espionage agent in this country.

Judge Youngdahl threw out four of the seven counts of the original indictment against Lattimore and expressed serious doubt as to the materiality of the remaining three.

The U. S. Court of Appeals subsequently reinstated two counts discredited by Youngdahl but upheld his throwing out the key charge.

The new unit, established in Cole's top-level Housing and Home Finance Agency, has double-barreled authority to delve into affairs of the subordinate agencies, as follows:

1. An inspection branch will maintain continuous check on operations. It will review agency audits, housing inspections and office operations, and recommend changes and reforms.

2. A special investigations branch will probe individual complaints of possible law violations. Where necessary it will develop cases of criminal misconduct for referral to the Justice Department.

The chiefs of the constituent agencies—FHA, Public Housing Administration, Federal National Mortgage Association, and Home Loan Bank Board—were made responsible for taking action to correct abuses found by the HHFA division.

The dispute involved about 4,000 men at Oak Ridge and 700 at Paducah.

On Oct. 4 Eisenhower ordered the board back into session for a new report. In the report made public Wednesday the board said the Carbide and Carbon Chemical Co. is willing to accept settlement recommendations put forth by the atomic energy labor-relations panel, but that the position of the union—the CIO United Gas, Coke and Chemical Workers—is "that the 6-cent across-the-board wage increase recommended by that panel is inadequate."

Denver (AP)—A Board of Inquiry looking into a labor dispute at atomic energy plants in Tennessee and Kentucky has reported formally to President Eisenhower that a deadlock still exists.

## Refutes Demo Charge, He Is Unsympathetic To Workers' Problems

CHICAGO (AP)—Secretary of Defense Wilson said Wednesday night "I am sorry I made inept remarks" about dogs while talking about unemployed workers.

Those remarks, he declared in a speech at a Republican fund raising dinner, "were distorted by our left wing opponents."

Saying he wanted to "set the record straight," Wilson told his audience that even Republican Gov. William Stratton of Illinois was "disturbed by some incomplete press reports of some recent remarks I made in Detroit."

Stratton earlier Wednesday issued a statement urging that the secretary's speech in Chicago be canceled because of Wilson's reference in a Detroit news conference to bird dogs which hunt for their food and kennel dogs which "sit on their fanny and yell."

An aide said at the time that Stratton would boycott the dinner. However, the governor announced later in the day that he not only would attend but would introduce Wilson.

In the introduction, Governor Stratton described Wilson as "a man big enough to fight against odds of misunderstanding and partisan attack when he believes himself doing his best for his country."

Wilson, in his address, praised the governor for "doing quite a job of house-cleaning in the state of Illinois that was necessary because of the shortcoming of his predecessor (Adlai Stevenson)."

"In the first place," Wilson said, "I admit that I made a mistake—an unfortunate mistake—bringing up those bird dogs at the same time I was talking about people."

There are times, when my remarks get me into trouble—especially in political matters—and I seem to be in trouble now.

"The way my remarks were distorted by our left wing opponents certainly looks terrible in print. I admit that."

"So, right here, right now, I want to say to the American people that I am sorry I made inept remarks which were subject to misinterpretation."

"But there is one thing that I will not do, one thing that I know you would not want me to do. It is this: I will not let our political assailants get away with the charge that I am unsympathetic with the problems of workmen or that the vicious interpretation they have put on my statements represent in any manner my feelings for or philosophy toward the working men and women of this country."

The secretary said that the Democrats have "very little to talk about" in the campaign for control of Congress in the November elections.

So, he added, "They pick up and exaggerate all out of proportion and advertent remarks that unfortunately have been made."

"They have done this to me. Even some Republicans, including your illustrious governor, were disturbed by some incomplete press reports of some recent remarks I made in Detroit."

He said "in fairness to them and to the world" he felt he should "set the record straight."

Wilson said statements by political opponents that he doesn't sympathize with labor "could not be further from the truth," adding: (Continued on Page 9)

## Report Deadlock Still Exists At Atomic Plants

DENVER (AP)—A Board of Inquiry looking into a labor dispute at atomic energy plants in Tennessee and Kentucky has reported formally to President Eisenhower that a deadlock still exists.

The Denver White House Wednesday made public an Oct. 11 report by the board set up under the Taft-Hartley law.

On Aug. 11 the government obtained an 80-day injunction under the Taft-Hartley law to block a threatened strike at atomic plants in Oak Ridge, Tenn., and at Paducah, Ky.

## McCarthy Raps Senate Candidate Of New Jersey

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) said Wednesday he would not support Republican Clifford P. Case for a Senate seat and told newsmen "If I were living in New Jersey, I'm afraid I would be in the position of not being able to vote for U. S. senator."

Case is the GOP candidate for the seat being vacated by Sen. Hendrickson (R-N.J.). His candidacy has caused a split among New Jersey Republicans, with a conservative group led by former Rep. Fred Hartley attacking Case on the ground that his voting record as a House member was too liberal.

McCarthy, dismissed from Bethesda, Md., Naval Hospital Wednesday after a week's treatment for a sinus condition, said he plans no campaign speeches but is "supporting all of the Republican candidates with one exception"—Case.

He made the exception, he said, "for other reasons I think will be made public before the election."

Pressed for elaboration, he said: "I don't think we want another Wayne Morse in the Senate. Some of the material has been given to (the New Jersey) Republican state chairman—not by me."

## FIND JOLIET MAN CHARGED WITH GIRL'S MURDER, INSANE

JOLIET, Ill. (AP)—Anthony J. Stefanch, 42, who was charged with murdering an 18-year-old girl, was found insane Wednesday by a Circuit Court jury.

He was ordered committed to the Illinois Security Hospital at Chester until cured.

Stefanch was accused of shooting Doris Bogart July 17 and carrying her body in the trunk of his car until he abandoned the auto on a road near Joliet July 20.

Dr. Groves B. Smith, a private psychiatrist, told the jurors Stefanch's mental illness stemmed from his service in World War II. He said Stefanch was assigned to bury American dead on Guadalcanal and the experience caused a tremendous emotional upset.

## Interpreting The News

By J. M. ROBERTS

Associated Press News Analyst  
Have you noticed how long it has been since this column started out with the statement that "Russia has done it again?"

The reference was to the many heavy-handed ways in which the Kremlin's policies and actions forged the free world into a defensive entity. Things like the Czech coup and the Korean War. Every time the Democratic coalition seemed about to fall apart the Russians would do something to force it back together.

Recently the Communists have been playing an entirely different and much smarter game.

For instance, their cries of imperialism against the West and especially the United States have always been accompanied by a low sound even in the ears of the most ignorant, because you could go back for five days or five hundred years to show Russia's imperialism clearly on the record. Latvians, Estonians, Romanians, Hungarians, Lithuanians, Czechs, Poles, Albanians, Bulgarians, Germans, Chinese, Ukrainians, Austrians, and members of the other "adopted" within the boundaries of the Soviet Union itself, testified to it from every free forum.

Now Russia, having solidified her working arrangements with the satellites to the point where she doesn't have to worry much about their breaking away, having substituted trade "agreements" for the business infiltration methods adopted right after the war, and perhaps herself being in less dire need of taking their production, is making sounds more like a partner than a ruthless boss.

The biggest noise thus far has been made by her agreement to withdraw her troops from Port Arthur and adopt a new economic aid program for Red China.

This may have several meanings. One, probably, is to assuage natural Chinese reaction against foreign occupation, a reaction which did much to lead to Communist successes in the 40s because of the rights claimed by Western powers.

Another has a profound effect on the rest of Asia as the Reds pursue their propaganda line that Formosa, which they promise to "liberate," is actually under American occupation. Now they are in a better position to be heard.

## Franklin School Yearbook Staff Members Chosen

FRANKLIN—The 1954-55 Yearbook Staff is now complete and is composed of the following members:  
Editor: Joyce Hovey; Assistant Editor: Cloda Jean Robison; Business Manager: Marilyn Seymour; Assistant Business Manager: Carolyn Dahman; Activities: Richard Hart; Wayne Jewsbury; Jess Moore; Kay Whitlock; Sports: Charles Smith; Dee Wayne Murphy; Calendar: Don Witherbee; Photography: Eddie Trimble; Carol Joyce Rolston; Everett Lee Williams; Assistants: Donna Jones

Margaret Luster, Janet Shumaker, AnnaBelle Starnes

The Yearbook Staff spent Tuesday of last week in soliciting sponsors for this year's edition of the Franklin High School Yearbook. This year, instead of having advertisements in the back of the book, friends will each sponsor a page. It is felt that the sponsors will like this plan better and also that the book will be more attractive. The cost of a sponsored page is ten dollars.

Another feature to be included for the first time is the allowance of several pages for the seventh and eighth grade students.

The books will not be delivered until next summer, thus making it possible to include all of this year's activities. Previously the spring activities have always been included in the book a year later.

The Franklin High School Varsity Club is sponsoring a dance to be held from nine to twelve the evening of October 15. The dance is strictly informal and will be held in the school's old gymnasium following the Franklin-Pawnee football game.

### OUT OF DATE

NORFOLK, Va. (AP)—The Virginia State Ports Authority wants the U.S. Department of Agriculture to discuss the so-called Liverpool land agreement with the British. It seems that the British some 35 years ago declared that if any insects went back which were shipped in summer from a U.S. port south of Philadelphia the vessels would bear the loss. This rule, not only limited summer shipments—American sellers used northern ports the year round rather than alternate.

But says the ports authority, modern refrigeration has made such a rule obsolete.

TIME FOR DIPLOMACY  
DES MOINES (P)—The Iowa chapter of the American Institute of Architects wrote Iowa's candidates for governor asking each for an interview.  
By coincidence both Leo A. Hoehn, Republican, and Clyde E. Herring, Democrat, set the conference for the same day at the same hour. The architects solved the problem by naming two committees—one to meet with each candidate.

change meeting time to 1:30 p.m., 30 minutes earlier than usual.  
The major lesson, Cloth Makes the Difference in Washing and Ironing, with Mrs. Clarence Wilson from the Glasgow unit presenting it. The selected subject, Entertaining Guests at the Family Table, was given.  
A social hour was held and lovely refreshments were served by the hostess assisted by Mrs. Charles Travis. Guests were Mrs. Clarence Wilson and Mrs. Lou Adams of Glasgow unit and Mrs. Charles Travis.

MISS WISTER was silent for a moment, arranging her thoughts. "Yet now, knowing what I do, I can't help but believe she had found out something which made her suspect her true parentage. Certainly I know for a fact she never suspected it before. Angelica always trusted me, and I saw quite a bit of her when she was married. Angelica was very much in love."

"So much in love she leaves her husband and comes back to the family? That doesn't make sense."

"Of course it does. Her husband was an engineer. They might have managed if he'd been sent to South America or somewhere right away. They couldn't, in Denver. Not in the very Carlson stronghold."

Jim began to understand. "You mean the Carlsons interfered with Mr. Jones' career?"

"One way of putting it," Miss Wister said grimly. "They were going out of their way to ruin him. Actually I don't think they had anything personal against Jones, except that Angelica had run away and married him. But Angelica was very sentimental and naive. The Carlsons broke up the marriage by showing her she was hurting her husband, that if she stayed with him he would be ruined."

"But why come back to the Carlsons?" he insisted.

"Where else could she go? She'd never made her own way and she didn't have the vaguest idea how to go about it. But actually, it was part of Angelica's bargain for the security of her husband's career that brought her back to the Carlsons."

Jim nodded slowly. He had a sudden hunch that the side of Angelica which would follow

such a "romantic" course was very important. It would fit in perfectly with the secret hiding place. And it would very possibly change the nature of the thing or things secreted.

"She asked you to come clear up from Denver to help her get something hidden so close at hand?"

"Yes. And that isn't so strange as it sounds. Angelica told me about The Spire being ready for some overflow guests. She didn't mind that, of course, but she did pay a visit to the hiding place. And she was frightened away."

Jim nodded. "I guess I did that. The night Nancy and I arrived."

MISS WISTER shook her head. "Angelica told me what frightened her was that she was followed. You may have interrupted her, but she was frightened by being followed."

"She say who followed her?"

"No. She just told me she wanted my help because she couldn't go back to The Spire the way she had been doing. Someone was watching. And she had to clear out the hiding place without any further delay. You see, by then, by the time she phoned me for help, she knew who was staying at The Spire. She was afraid Mrs. Kit would open the hiding place. Because Peter knew of it, and Angelica was afraid he would have told Kit. She said she didn't dare take a chance on waiting any longer."

"What exactly did she want you to do?" Jim demanded.

"She wanted a way to get from The Spire quickly. I told you she was afraid to use the path she always took. She wanted me and she wanted my car. Angelica never learned to drive."

"You actually drove Angelica to The Spire?"

"Yes. I cut off my lights and coasted down that winding road. I parked there at the wide place. You know, where that creek comes out of the hole in the cliff?"

"Lion's Head. Yes, I know."

"I parked there and Angelica went down to The Spire alone. I walked back part way up the hill, keeping a lookout as I promised I would. I had a whistle I was to blow if anyone came."

Dunn believed now he knew another reason for her hesitance about talking. She was intensely loyal, would hate to divulge any information detrimental to a client.

"I waited and waited. I heard motors of cars going past on the plateau. I could see just a little, but it was a deceptive light, the light of false dawn I guess. Finally I went down to the basement. I felt—knew something was wrong. I had my little flashlight. I found Angelica. She was dead. I got her out from under the elevator which was crushing down on her, but she was dead."

"You told Mrs. Oswald?"

"I TOLD her how I found the body. I told her I'd moved it. I didn't tell her the rest. I had to tell you first. You see there was a heavy piece of pitch lying there. A heavy pitch chunk. It had blood on it, and some of Angelica's hair was caught in the sticky resin. I knew it had killed her. You saw her, didn't you? You saw her head?"

"Yes. But I didn't find the pitch chunk. I looked around."

"Did you look in the furnace?"

"No."

"That's where I threw it. Don't ask me why, but I was getting panicky. The furnace was warm. I remember that. The piece of pitch might have burned up."

Jim was careful to keep any opinion from showing on his face.

"Did Angelica tell you what it was she wanted to get at The Spire? What it was that was so important?"

"Yes," Miss Wister said. "She told me. It was her doll."

## Wisconsin, Ohio State Top Big 10 Statistics

CHICAGO (AP)—Unbeaten Ohio State and Wisconsin are running neck-and-neck in the Big Ten's football statistical race.

Ohio State tops the conference in offense, averaging 34 points in victories over Indiana and Illinois and an average total gain of 369.5 yards in each game official statistics showed Wednesday.

The Buckeye attack features running power, with an average of 254.5 yards rushing compared to 115 in the air. Their average of 5.77 yards per play is topped only by Minnesota with 6.39.

The split-T Gophers, in their only Big Ten game—a 27-6 decision over Northwestern—piled up 364 yards rushing and only 34 passing.

Wisconsin is tops on defense after holding Michigan State to a net eight yards on the ground although yielding 115 on passes.

Although losing two Big Ten starts, Indiana is third in total offense with an average of 300 yards including 127 by passing, high for a league in this department.

## Detroit Lions Top Defensive Team In NFL

PHILADELPHIA (AP)—When you talk about the champion Detroit Lions the first thing mentioned is the great passing of Bobby Layne, the running of Doak Walker and Bobby Hoernschemeyer and the end play of Leon Hart and Dorne Dible. Nobody mentions defense.

It may surprise some people—not National Football League players—but the Lions are the top defensive team in the pro league. The first release of NFL statistics disclosed Wednesday that Detroit has allowed 1.8 yards per running attempt against their stout defensive line.

In two games, only 26 points have been tallied against the Lions in a league reknown for its offensive prowess. The Chicago Bears and the Los Angeles Rams netted 100 yards totally against the Lions.

If you think opponents can outdo the Lions' line by taking to the air, here's more news for you. Detroit leads the league in pass defense, allowing 36.8 per cent of passes attempted against them to be completed.

The Philadelphia Eagles, Eastern Division leaders in the NFL, also are a powerful defensive team. The Eagles have allowed 2.2 yards per running attempt and 36.9 per cent pass completions. The Chicago Bears are third in ground defense with a 2.6 average. San Francisco ranks third in pass defense allowing 41.3 per cent completions.

## NBA Warns Sandy Saddler

MILWAUKEE (AP)—The National Boxing Assn. indicated Wednesday there were teeth in its recent warning to Sandy Saddler to defend his world featherweight title or else.

Fred Saddy, chairman of the NBA rating committee, said he had reason to believe Saddler had no intention of complying with last week's order to put his championship on the line before Dec. 14 or have its recognition withdrawn.

"It looks to me like Saddler is going to ignore the warning," Saddy said, "so we're taking steps to do something about it."

"I've asked Tony Petronella, NBA president, to start working on a match between Percy Bassett and Redtop Davis with the winner to be named featherweight champ."

## Liska Picks Wisconsin, Minnesota, Ohio State

By JERRY LISKA

CHICAGO (AP)—The Midwest football seer is beginning to get the grasp of things, although Iowa and Cincinnati shook him by the prophetic throat last Saturday. Michigan and Marquette were our losses, while Purdue's tie was no decision.

En garde: Wisconsin 20, Purdue 14—This Big Ten debut for the surprising Boilermakers should be a scorcher. Bill Murakowski is Purdue's answer to Wisconsin's Alan The Horse Amehche. Murakowski gained 82 yards in Purdue's 13-13 tie with Duke, scoring the tying touchdown. Amehche's 50 yards against Rice included a one-yard smash for the Badger winning TD. Some hot passing also should pop up here.

Ohio State 21, Iowa 13—The Buckeyes are bolting under a full head of steam. Their over-all backfield talent, featuring Bobby Watkins and Howie Cassidy, appears the Big Ten's best, but Ohio State's line also is doing yeoman work. The Hawkeyes gain some advantage in the injury of back center Ken Vargo, but they'll have to bounce back plenty from their stumble at Michigan to win at Ohio State.

Minnesota 21, Illinois 7—The Illini don't seem to have much more than J. C. Caroline. Unbeaten Minnesota has blended an old-time Gopher line with Murray Warmath's get-up-and-go split T for an impressive string of victories over Nebraska, Pitt and Northwestern. But the Gophers now have to watch out for Gopher holes.

Notre Dame 23, Michigan State

## TCU Quarterback Picked As AP Back Of The Week

FORT WORTH, Tex. (AP)—Some of the critics said Texas Christian's football team couldn't operate efficiently with Ronnie Clinkscale at quarterback.

The results to that time indicated they were speaking the truth.

Ronnie decided to do something about it. Last week he led TCU to one of the big upsets of the season as the Horned Frogs whipped ninth-ranked Southern California 20-7. He piloted the team flawlessly, scored two touchdowns and set up the third, was a whale of a defensive player and all-in-all was so good he was picked as The Associated Press' back of the week.

Other high ranking backs in last week's play included Joe Gattuso, who led Navy to a 25-0 victory over Stanford; and Bob Cox of Washington.

Other nominations were Bill Murakowski, Purdue; Dale Leggett, Ohio State; George Shaw, Oregon; Pete Vann, Army; Lenny Moore, Penn State; Bob Hendon, Oklahoma; John Malsbck, Michigan State; and Bob McNamara, Minnesota.

## Vladimir Cerny Wins 300-Meter Swimming Event

BUDAPEST (AP)—Vladimir Cerny of Czechoslovakia won the 300-meter swimming event in the 1954 modern pentathlon world championship Wednesday. Lt. Harlan W. Johnson, of Champaign, Ill., finished fourth.

Cerny was timed in 4 minutes, 5.6 seconds and Johnson in 4:17.5. E. W. J. Andre of Annapolis, Md., finished 23rd.

The individual standings showed Thofelt with 3,727.5 points, Szondy with 3,712.5, Vetterli with 3,676, and Johnson with 3,649.5.

## Cardinals Recall 4 From Columbus

ST. LOUIS (AP)—The St. Louis Cardinals Wednesday brought up four more players from a minor league farm club, raising to 14 the number the Redbirds have called up in two days.

The newest acquisitions—all from Columbus, Ohio—are pitchers Herb Moford and George Schultz and infielders Bob Stephenson and Gerry Thomas.

## London's Chris Chataway Smashes 5,000 Meter Race

By STERLING SLAPPEY

LONDON (AP)—Chris Chataway, London's merry brewer who finished second in four world record races this year, smashed the world record for 5,000 meters Wednesday night in a spectacular duel with Russian Vladimir Kuc.

The red-haired, cigar-smoking Briton sped the distance in 13:51.6, five seconds faster than Kuc's still unrattled record, to finish a stride in front of the Russian in one of the greatest races of all time.

Kuc also bettered the time with a clocking of 13:51.8 and en route passed the three mile marker in 13:27 for another record-buster. The previous best time for three miles was Kuc's 13:27.8 in Bern last August when he broke the 5,000 mark in the European track and field championships.

The first of the three world record bettering performances in this floodlit meet between Moscow and London in White City Stadium was chalked up by Russia's Yuriy Lituyev, who skimmed 440-yard hurdles in 51.3 second, three-tenths of a second faster than the listed

14-The Irish are waiting for the Spartans with shillelaghs poised high. MSC pushed Notre Dame around in three previous meetings including a 35-0 trimming in 1951 for Frank Leahy's worst Irish defeat. The Spartans better have Le Roy Bolden, or a reasonable facsimile ready.

Northwestern 14, Michigan 13—Figure the Wildcats to turn in the usual upset in the Big Ten. After spilling favored Iowa, Michigan is ripe to be taken by a Wildcat band snarling after defeats by Southern California and Minnesota.

Indiana 14, Missouri 7—The Hoosiers have been toughened by good, if being performances against Ohio State and Michigan State.

## SPORTS TRAIL

By WHITNEY MARTIN

NEW YORK (AP)—It might be well to warn Lou Groza not to look now, but someone is following him.

Groza is a large hunk of a man who plays tackle for the Cleveland Browns of the National Football League, and one by one or three by three he adds up more points than most backfield men.

He counts on his toes you might say, and rival teams are about ready to concede the Browns the points after touchdowns when he's placed kicking them.

He never misses. He had a streak of 109 straight consecutive conversions to his credit in 1953 before it was broken. He never had a chance to get rusty as for three or four years the Browns scored touchdowns on the slightest provocation.

Anyway, the fellow who is sneaking up on him isn't in the National League. He's in the Big Four Canadian circuit, and can be seen next Saturday when the Hamilton-Montreal game is televised over the NBC network.

His name is Johnny "Tip" Logan. He plays end for the Hamilton Club. We were going to say the Hamilton eleven, but there are 12 men to a team up north of the invisible border.

Logan now has 104 successful conversions on his record, made under the same circumstances that Groza makes his. That is, the ball is moved out three yards in front of the goal posts and kicked from a scrimmage formation, with about a ton of animated beef charging through trying to mess up the attempt.

He's a 26-year-old, 6-foot 195 pounder from Port Erie, Ontario, and since joining the Hamilton club in 1941 he's missed only twice in his place-kick tries for extra points. His first miss hit the goalpost, the second, at the start of the 1952 season, was blocked. Since then you could set your watch by him, you might say, he's been that accurate.

Groza possibly is blissfully ignorant of this challenge to his remarkable string of conversions, and Logan tries not to think about it, but it isn't easy.

"Somehow I never think of it during a game," he says, "but after watching somebody's always telling me I'm only so-and-so points behind Groza."

## Gavilan, Saxton Physically Fit

PHILADELPHIA (AP)—Welterweight champion Kid Gavilan and challenger Johnny Saxton both were pronounced physically fit for their scheduled 15 round title bout here next Wednesday night.

Dr. Joseph Barton, Pennsylvania State Athletic Commission physician, said he paid special attention to the champion in an attempt to detect if any signs of his recent virus and mumps attacks were still with him.

DANDY PEACHES

AURORA, Ill. (AP)—Peaches are growing larger than usual this year on Edward Tesch's backyard tree and measure about 11 inches in circumference.

Asked under which variety the peaches are classified, he said, "I call them dandies."

## FAN BREEZES

BY BILL MERRIS

After a long layoff Tippy the Tipster came back last week to pick nine winners out of 11 games for a .818 batting average. We were actually surprised the "old boy" came out that well and was even more surprised to find a sealed envelope on our desk this morning with his predictions of this week's battles.

In Thursday night's games Tippy starts right in by picking Beardstown to nip Feitshans by a single touchdown and in one TD. He also says Waverly will come back to beat Girard PMBC action says Bluffs and Virginia will have very little trouble with Meredosia and Arenzville. Both should win by at least three TD's.

In Illinois Valley Conference action Friday night Tippy says Winchester will top a strong Jerseyville team by a two touchdown margin. He picks Pittsfield to take Pleasant Hill by three and Carrollton over White Hall by one. Roodhouse will nip Greenfield by a slender six point margin in the other Valley game.

Friday's PMBC games will see Chapin down Chandlerville by two while Pawnee takes Franklin in MSM action. This leaves the two local teams, Jacksonville high and Routt. Tippy thinks the Crimsons will show a large homecoming gathering their last two wins were not flukes as they defeat visiting Notre Dame by one TD. He feels the two teams are about even but gives the nod to the Crimsons because of the usual homecoming enthusiasm.

Routt travels to Beardstown for an eight-man game with a team that is a total stranger to fans in this area. He reaches into the bag and comes out with a piece of paper saying the Rockets will show the people up north how the eight man football game is supposed to be played.

The other two local teams play homecoming tilts Saturday afternoon. One of these teams, the Illinois College Blueboys, put a blemish on Tippy's record last week. He picked them to win by two and they get beat by a pair. However he doesn't give up and says the Blueboys will top visiting William Penn by at least two TD's as they play before a 125th anniversary homecoming crowd.

Coch Jim Spunk's ISD Tigers will also be playing before a homecoming crowd. The Tigers looked superb in their last outing and they should take the Missouri deal 11 by three touchdowns.

Warren Flower informs us the Illinois College gym will again be open to the general public for recreation purposes beginning this Monday night, Oct. 18. The same sort of program will be in effect this winter as last. The doors will open at 7 p.m. and close at 10 p.m.

The program is under the joint supervision of the college and the local YMCA with either Warren or Mrs. Flower in charge of the recreation games. Badminton, ping ball, basketball, volleyball, hand ball and deck tennis are on the agenda. All ladies are urged to attend along with the men. No one under 18 years of age will be allowed unless accompanied by their parents.

## Phils Owner Buying Stadium

PHILADELPHIA (AP)—Bob Carpenter Jr., owner of the National League's Philadelphia Phillies, said Wednesday he is buying Connie Mack Stadium "reluctantly" and expects to complete the deal by Thursday.

Legally, the Phils won't become landlords of the ball park until Arnold Johnson acquires the Mack family stock of the Philadelphia Athletics for \$3,375,000, expected by Monday.

But Carpenter made this clear: "We weren't anxious to buy the park because we didn't want to get into the real estate business. But we had to buy it to ensure the Phils a place to play ball."

Johnson, Chicago real estate man, said he would sell the stadium to Carpenter for \$1,675,000.

## Determine Out Of International

LAUREL, Md. (AP)—Determine, the little gray colt who streaked home first in the Kentucky Derby last spring, limped out of the International race picture Wednesday, leaving a committee of experts the task of picking his successor.

The Andy Crevelin colt popped a splint (bone growth) while training in California. Trainer Willie Moller announced that the injury would keep Determine out of Laurel's Washington, D.C., International Nov. 3.

## Big Klu Top Fielding 1st Sacker 4th Year In Row, Sets Record

NEW YORK (AP)—Powerful Ted Kluszewski of the Cincinnati Reds equalled a Major League record for first basemen in 1954 by leading in fielding percentage for the fourth consecutive season.

Three other players—Milwaukee shortstop Johnny Logan, third baseman Willie Jones of the Philadelphia Phillies and shortstop Chico Carrasquel of the Chicago White Sox—also successfully defended their 1953 defensive honors.

Kluszewski became the fifth first baseman to finish on top in four straight campaigns. The standard was set by Dan McGann of the New York Giants 1903-1906 and later tied by Charlie Gannil of Cleveland and the White Sox 1916-1919, Joe Judge of Washington 1922-1925 and Charley Grimm of the Chicago Cubs 1930-1933.

Figures compiled by The Associated Press disclosed Kluszewski made only five errors in 1,339 chances for a defensive mark of .996, shading Brooklyn's Gil Hodges and Joe Adcock of Milwaukee with .995 each.

Logan, for the third year in a row, paced the National League shortstops. He compiled a .989 average while committing 26 miscues in 637 chances. Rookie Alex Grammas of the St. Louis Cards was second with .967.

Jones also fielded .969 to head the National League third basemen. Willie made 15 errors in 477 chances. He led with .975 in 1953.

Carrasquel erred 21 times while handling 797 chances for a .974 slate. The stylish shortfielder was high in the American League with .976 a year ago.

First baseman Mickey Vernon of Washington, Nelson Fox of Chicago at second base, Eddie Yost of Washington at third, Catcher Jim Hegan and outfielder Jim Delsing of Detroit were the other American League defensive pace-setters.

Davey Williams of the New York Giants at second base, catcher Bill Sarni of St. Louis and outfielder Stan Musial, also of the Cardinals, rounded out the National League's list of fielding standouts.

## Wisconsin Coach Agrees Purdue Will Be Tough

MADISON, Wis. (AP)—Wisconsin is not kidding itself about its Big 10 football game with Purdue on Saturday.

"They could snip us as easy as hot," said Coach Ivy Williamson of the No. 2 ranked Badgers.

"They're bigger than we are and they've got that Lenny Dawson who can really throw."

"But I don't think they're apt to be quite as fast as we are, at least I hope not to go with that weight. I'd hate to think that we don't have at least an even chance."

Purdue, ranked fifth in the national poll this week, never has beaten a Williamson-coached Wisconsin team. The Boilermakers will match their two victories and one tie against the Badgers' three straight victories in the scintilla game at Camp Randall Stadium.

The game, opening six straight Big 10 dates for Wisconsin, will be the second in two weeks against a nationally ranked foe. Last Saturday the Badgers nipped Rice, then rated No. 11, 13-7 on Alan The Horse Amehche's blast through the middle in the final 50 seconds.

There's no secret, as far as Williamson is concerned, about what Wisconsin plans to do offensively Saturday.

"We'll play our slam bang ball outside and inside, and throw," he said. "Every team knows what we're going to do. It's no secret."

Williamson said he figured "you'll see two well matched teams."

"They're better in some spots, but we're better in others," he explained. "They've got Dawson and Froncie Gutman, but we've got Jim Miller and Jim Haluska. They've got Bill Murakowski at fullback and he's been a workhorse for them, but we've got Alan Amehche."

## Cubs Purchase Hurler Sam Jones

CHICAGO (AP)—The Chicago Cubs Wednesday bought Sam Jones, rangy Negro right-handed pitcher, from the Indianapolis Indians, American Assn. farm club of the Cleveland Indians. The price was not disclosed.

Jones had a 16-8 record and struck out 178 in 196 innings for Indianapolis last season, hurling one 1-hitter, two 3-hitters and four 4-hitters.

## Indians Aren't For Sale: V. Pres.

NEW YORK (AP)—The Cleveland ball club "isn't for sale," said George A. Medinger, vice-president of the Indians, as he and his wife sailed Wednesday for a five week European vacation.

Medinger made the statement when he asked about reports the club was going to be sold.

"The club's prospects for 1955 are good," said Medinger aboard the Queen Elizabeth. "We have some very outstanding young ball players who will be coming up from Indianapolis."

Among them are Herb Score, left-handed strikeout whiz, and Rocky Colavito, slugging outfielder.

## 5 Teams Show Punters Averaging 40 Yds. Or Better

NEW YORK (AP)—The five best punting teams in major college football are in the Southwest-Arkansas, Southern Methodist, New Mexico, Texas Christian and Kansas State—NCAA Service Bureau figures showed Wednesday.

These are the only teams in the country averaging 40 yards a kick or better. Ever since statistics have been kept on a national basis, Southeastern teams have dominated the punting picture, along with an occasional Mountain States team.

The Southwest, meanwhile, has been famous for everything except kicking. It has had great passing records, great running and its share of strong defense, but it had less to do with the foot in football than any other section.

Now, however, Arkansas is averaging 42.9 yards a punt, SMU 42.0, New Mexico 40.5, TCU 40.4 and Kansas State 40.2. And in the rest of the top ten the only southern team is Virginia, down in No. 8.

The rest of the defensive team statistics have an unusual aspect this week, too. Navy is the only team in the country that has yielded only one touchdown, and leads in scoreboard defense with an average of 2.3 points allowed a game. But the Middles dropped to sixth place in total defense yardage. However, they are the only team in the top ten in defense as well as offense.

## Football Briefs

MINNEAPOLIS (AP)—Unbeaten Minnesota, battering down for the ground thrusters of Illinois' J. C. Caroline and Abe Woodson, Wednesday virtually wrote off two key linemen for Saturday's game.

Guard Elben Daid and Jerry Rau, hobbled with sprained knees, were listed as "extremely doubtful" for the Illini invasion. End D. J. Smith, who suffered a shoulder separation against Northwestern, also may not play.

Forced indoors by rain, the Gophers sharpened their edge against Illinois' defensive alignments. Fullback John Baumgartner, slowed up by a hip injury earlier this week, should be ready to go against Illinoi.

A BIT HEAVY

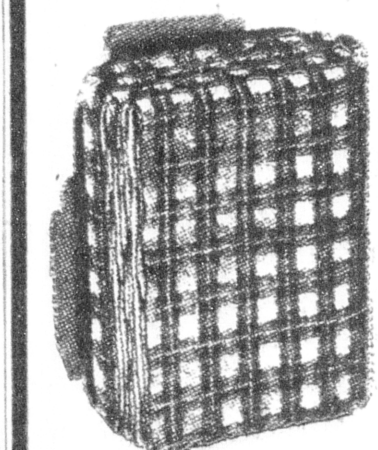

MIAMI, Fla. (AP)—Israel Gaska Szymanska, merchant from Cochabamba, Brazil, checked in here after a visit in the United States enumerated by 1,600 pounds of baggage over and above the minimum allowed each air traveler.

It was believed to be a new world record for excess baggage.

The eight huge double containers cost Szymanska \$2,897.55 but he plunked down the money, saw his baggage loaded, and was on his way home in short order.

## New York Bond Market

NEW YORK (AP)—The corporate bond market was active but irregular Wednesday. U. S. government bonds eased while some foreign obligations found strong support.

"Big board" volume climbed to \$3,130,000 par value from \$2,230,000 Tuesday as corporate issues fluctuated aimlessly. Railroads tended to decline and utilities were generally higher. But changes were mostly minor.

## New York Stock Market

NEW YORK (AP)—The stock market was a mixed affair Wednesday with a few strong issues providing a much needed prop.

On average, the market advanced thanks to bulging gains in a handful of railroads. By actual count, gains and losses were fairly evenly balanced.

Airlines also were higher and distillers were up, but otherwise the market's strength was lodged in individual issues.

Aircrafts were generally lower as were the chemicals, radio-televisions, coppers, many oils, utilities, and the tobacco. The latter group was weak for the second straight session in the wake of new discussions about the connection between lung cancer and cigarette smoking.

The Associated Press average of 60 stocks advanced 20 cents at \$136.10. The advance was due entirely to the gain of \$1.10 in the railroad component. The industrials were off 40 cents and utilities were down 10 cents.

Volume stepped up to 2,070,000 shares, right around the daily average for the year. Tuesday's Columbus Day total came to 1,620,000 shares.

The American Stock Exchange was mixed on volume of 720,000 shares as compared with 630,000 shares traded Tuesday.

## TRENDS IN WHEAT, FEED GRAINS MIXED, LITTLE PRICE CHANGE

By WILLIAM FERRIS

CHICAGO (AP)—A little firmness in soybeans and a little easiness in rye were the only features of the grain market on the Board of Trade Wednesday. Trends in wheat and feed grains were confused and final prices showed only small changes from Tuesday.

Soybeans ended 1 1/4 to 3 cents higher but at that were down around 1 to 2 cents from the day's highs. In contrast, rye ended 1/2 to 3/4 lower, but up as much as cents from lows set early in the session.

Wheat closed unchanged to 1/4 higher, corn 1/4 lower and oats 1/4 lower to 1/2 higher. In the cash market wheat was quoted steady, corn easier and oats firm. Purchases of corn on a to-arrive basis totaled 50,000 bushels.

There wasn't any real stimulus to soybeans, buying being based mainly on the belief the market had declined too sharply Tuesday. Some light rains were forecast for sections of Minnesota, Iowa and northern Illinois. Not all beans have been harvested in these states.

While beans have shown strength during rainy periods, partly because this reduces hedging pressure, some grain men wondered if the ultimate effect of all the recent moisture might not be bearish rather than bullish.

Frank Coughlin of Mitchell, Hutchins and Co. said, "We bear the moisture content of some of the beans now being harvested may preclude indiscriminate storage. If true, this may force marketing despite the reluctance of growers to take current market prices."

## CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Demand for hogs was active Wednesday and butchers sold steady to 25 cents higher. Sows held steady.

Top price was \$18.85, up 10 cents from the 1954 low set Tuesday. It was paid for only one load, however. Most choice 190 to 270 pound butchers moved at \$18.50 to \$18.75 with 160 to 185 pounders \$17.75 to \$18.60. Sows ranged from \$15.25 to \$18.00. Salable receipts totaled 8,000.

In the cattle section, where salable receipts totaled 16,000, steers grading average choice and below sold at steady quotations but a weaker tone was apparent in better grades. Top was \$29.25 for prime steers. Most choice and prime grades brought \$24.25 to \$28.25.

Good and choice heifers were taken at \$24.00 to \$24.50. Utility and commercial cows were steady to weak at \$10.00 to \$13.50 and canners and cutters steady to strong at \$7.50 to \$10.00. Vealers held steady at \$17.00 to \$23.00 for good and choice.

Salable receipts in the sheep section totaled 2,000. Lambs sold strong and in some instances were up 25 cents. Most good and choice weighed lambs brought \$18.50 to \$20.00 with a few lots of choice and prime at \$20.50 to \$21.00.

A Chapin couple, Mr. and Mrs. Paul Nergent, became the parents of a son at 1:02 p.m. Tuesday at Our Saviour's hospital.

Mr. and Mrs. Francis Hermes, Franklin Route one, became the parents of a son born at 1:55 a.m. Wednesday at Our Saviour's hospital, weight six pounds, 12 ounces.

A son was born to Mr. and Mrs. Richard Eldridge of Waverly at 1:50 a.m. Wednesday at Our Saviour's hospital, weight seven pounds and 11 ounces.

A daughter was born to Mr. and Mrs. William A. Brace, 327 Laurel Drive, at 7:57 p.m. Tuesday at Passavant hospital, weight seven pounds, eight and one-half ounces.

Gold fish, escaping from ornamental ponds, have increased naturally in some places until they are numerous enough to be caught and sold as food.

COME AND GET 'EM—It's bargain day at the Chicago, Ill., brick yard. The municipal government put two million granite blocks and bricks up for sale at two cents apiece. Once used for paving, they are no longer needed, as the city now paves with asphalt and concrete. Hundreds of Chicagoans reportedly bought the yard to make purchases.

## Refutes Demo Charge, He Is Unsympathetic To Workers' Problems

(Continued from page one)

ing: "Their phony political charges are completely the insinuations that come from desperate political enemies. Actually, I fit much my labor records with any in this nation, and that goes for partisan politicians, labor leaders or anyone else."

"I know what it is to work for a living."

Wilson spoke to a capacity crowd in the ballroom of the Conrad Hilton Hotel. His listeners paid \$100 for a \$5 dinner, with the balance going into the Republican campaign kitty.

As Wilson spoke, 35 pickets, identified as members of CIO unions, paraded outside the hotel carrying placards referring to the secretary's dog remarks.

When he stepped off a plane from Detroit this afternoon Wilson described as "foolish" a reporter's question whether he would resign as a result of the dog controversy.

Governor Stratton was not at the airport to greet the secretary, but other Illinois GOP leaders were on hand.

In his speech, Wilson said he had learned from his mother and father three important things just as true today as they were 50 years ago:

"First, that a good education is very much worthwhile and worth striving for.

"Second, that work is a normal part of life and in no sense something to be avoided, and

"Third, that it is worthwhile to make a little extra effort to understand and get along with people."

Wilson, former board chairman of General Motors, said he always had considered working people "much more important than the machines, the product being produced or anything else connected with my work. Feeling this way I always took an extra interest in their problems."

Turning to the election campaign, the secretary said Illinois voters should support Republican candidates for Congress, "not only because they are fine, capable men who if elected will serve their country well, but also because they are needed to support the President's program, further the objectives of the Republican party and help complete the housecleaning that is going on in Washington."

Wilson said the nation chose "an outstanding leader" two years ago when they elected President Eisenhower.

"The great majority of the people of our country could no longer stand the demagoguery, the hypocrisy, the inefficiency in high places, the lying, the bumbling, and the outright crookedness. . . . they wanted a constructive change in the leadership of our nation, and they are getting it. They wanted the mess cleaned up, and it is being cleaned up."

"But the job is in no wise completed. More straight-thinking Republicans are needed to get the job done."

Wilson smiled broadly when he came down the ramp at the airport and saw the delegation awaiting him.

They included Edward L. Ryerson and Fred M. Gillies, steel executives who helped arrange the dinner, and Werner Schroeder, former Illinois GOP national committeeman.

Wilson was asked if he had been in touch with President Eisenhower or Governor Stratton as the result of the row over his Chicago appearance. He said "No."

Then he was asked if there finally had been a "meeting of minds" over his appearance.

"I haven't anything to say on that now," he replied. "I will say it in my speech tonight."

He told a story of two birds to illustrate his personal reaction to today's whirlwind deliveries.

One bird, he said, arrived at its destination early and the second put in a belated appearance at dusk. The first bird asked the second where it had been and the second bird replied:

"I was flying high and flying low and I got caught in the wind and I got lost in the ground."

Wilson said the city's vast "underground" (subway) network still operated.

## Call For Big Power Group To Tackle Disarmament

UNITED NATIONS, N. Y. (AP)—The United States, Britain and France joined Canada Wednesday in a call for a big-power group to tackle disarmament problems once more after the long-standing deadlock has been agreed fully in the U. N. General Assembly.

They took a stand against a Philippine resolution which would have set Nov. 15 as a deadline for a report from the proposed big-power group to the Assembly's political committee. That suggestion was made Tuesday by the Philippine delegate, Felixberto Serrano, without consultation with the big powers here. Western delegates said no real report could be made in such a short time.

Paul Martin, Canadian secretary of health and welfare, told the Political Committee Canada believed the disarmament negotiations should be carried on in private, without the searching glare of publicity, just as the talks had been conducted in London last spring.

He proposed that the group be the same as the London conference—the United States, Britain, France, Canada and Soviet Union. It would work under the 12-nation U. N. Disarmament Commission rather than under the auspices of the Political Committee as Serrano proposed.

Martin did not fix any deadline for a report from the group but indicated the negotiations should be as thorough as possible.

Andrei Y. Vishinskiy, Soviet delegate, expressed sympathy with the Canadian resolution but said he would have to study it.

Wilson, in Detroit, declared that Stratton "doesn't know me well enough to know my real concern for the unemployed."

Turning to the furor over his remarks about "dogs" and "unemployment," Wilson told newsmen: "Whatever it is, it's behind us."

Stratton said in his statement that he could not understand how any man could treat the unemployment problem so lightly.

"Let me say that in view of his unfortunate statement, which is actually the opposite to the attitude of my administration and which is obviously contrary to the views of the President, I do not believe he would be in a position to represent properly the viewpoint of this administration at the meeting tonight," he added.

"Consequently I suggest that his scheduled appearance be canceled."

Wilson said that several weeks ago he had notified sponsors that he would be unable to attend the Republican dinner in Chicago Wednesday night at which Wilson was listed as principal speaker. He said he had to attend a reception scheduled for him in Kankakee.

Meek told the Joliet meeting: "There is no denying the fact that there are areas of concern in our economic picture."

He said there "is a vast difference" between the position of Sen. Douglas, his Democratic opponent on the unemployment question and "the Eisenhower effort to correct the situation."

Give your lawn a fresh supply of plant food for next spring's growth by putting on about 20 pounds of a fertilizer with a 10-8-6 or similar analysis for every 1,000 square feet this fall, says a University of Illinois landscape specialist.

## Cards of Thanks

I wish to thank those who remembered me with prayers, flowers, visits, food, cards and letters at the Passavant Hospital. My doctors, nurses, grey ladies and all who cared for me. All my friends and neighbors who offered help. To my daughter and granddaughter who stayed in my home and drove my wife to see me every day.

## Predict Nehru To Stay In Office For Six Months

NEW DELHI, India (AP)—Political observers predicted Wednesday night that Prime Minister Nehru will stay in office for at least six months.

Nehru told state leaders of his governing Congress party in a monthly letter earlier Wednesday he felt safe after seven arduous years as Prime Minister and party president and would like to relinquish his "present routines" in order to regain his "freshness."

But he made it clear he does not "propose to act in a hurry" and is not thinking "in terms of final and irrevocable decisions."

Then, with an eye focused on the future, he emphasized that his "not being Prime Minister will not put an end to my close association with the governmental development and similar activities."

The 64-year-old Nehru said he thinks he is fundamentally healthy "both in mind and body," but nevertheless has made up his mind not to stand for reelection to the party presidency at next month's annual convention.

## TV PROGRAM SPARKS INTEREST IN ELDORADO

ELDORADO, Ill. (AP)—A national television report of Eldorado's "operation bootstrap" brought a flood of inquiries Wednesday from industries expressing an interest in locating in the Southern Illinois town.

R. V. Wilson, chairman of the operations industrial committee, said he had received "numerous calls from people asking more information—some as far off as California."

"We have nothing definite yet," Wilson said, "but the program has certainly opened a lot of new prospects for us."

Eldorado was the subject Tuesday night of Edward R. Murrow's "See It Now" television show aired by the Columbia Broadcasting System.

The filmed presentation depicted Eldorado's year-long struggle to boost local economy and attract new industry to the once prosperous coal town.

## List Special Gifts Chairmen For Our Saviour's Drive

Chairmen for another important production division in the proposed building campaign for Our Saviour's hospital were added Wednesday to the roster of divisional leaders with the announcement by general chairman Edward C. Shultz that the Major Gifts Division will have as its chairmen Tom Cornish, local Mercury and Lincoln dealer, and Floyd E. Cox, local Buick dealer.

The schedule of activities of the Major Gifts Division will parallel that of the Memorial Gifts Division. The two divisions will work side by side as these two divisions will contact those prospects having top potential in giving.

The personnel of the division will consist of six chairmen and 48 committeemen and the entire division will be organized and ready to begin contacting prospective donors by the end of this month.

Donors to the hospital's program may make pledges to be payable over a period of three years, or by Dec. 31, 1957. This will give donors the opportunity to spread payments over a tax year, if they so desire. All gifts will be deductible in computing federal income tax.

General solicitation in the entire area is scheduled to be conducted from Nov. 10 to Dec. 15. Our Saviour's service area extends approximately 25 miles in each direction from Jacksonville and the hospital's appeal for funds to build a new wing will be made throughout its service area.

## Lt. Governor Of Pilot Clubs In Official Visit

Lieutenant Governor Rhoda Samore paid her official visit Wednesday evening, October 6, to the Jacksonville Pilot club. The dinner meeting was held at the Dunlap hotel.

Among the many helpful thoughts and ideas that Mrs. Samore brought to the members was an explanation of the International Pilot club for the year, Vision plus Action—Equals Reality. The club leaders have the vision but it is the individual Pilots who must exert their efforts to carry out the vision and bring about reality. It is the hours of friendly service that help to make the world a better place in which we live.

Following the Lieutenant Governor's talk a business meeting was conducted by the president, Josephine Milligan. The Pilots voted to assist in the Community Chest Drive again this year.

Some members volunteered for Canteen Duty Oct. 28 and 29 at the Blood Bank when it visits Morgan County and is stationed at the Grace Methodist church from 12 noon until 6 p.m. on both days.

After considerable thought and discussion the Pilot club chose a minor project for the year, the visiting of elderly shut-ins within the community, the patients at the Jacksonville State Hospital under the newly organized Volunteer Service Program and in the Nursing Homes.

Two more official visits will be made this week by the Lt. Governor, one to the Galesburg Pilot club and the other to the St. Louis club. Two Jacksonville Pilot club members attended the style show and sard party Saturday, Oct. 7, sponsored by the Chicago Pilot club held in the grand ballroom at the Sheraton hotel. From Jacksonville were Pilots Rhoda Samore and Perola Thorn who were also accompanied by Mrs. Samore's daughter, Miss Frances Samore, and Miss Nellie Doying.

## Winchester Kiwanis Hear Sid Simpson

WINCHESTER — Congressman Sid Simpson of Carrollton, spoke at the meeting of the Winchester Kiwanis Club on the occasion of Farmers Night which was held at Hotel Winchester, Tuesday evening.

Simpson stated that his talk was designed to be nonpolitical but that it was hard, during the heat of the campaign, to make a statement which didn't have some political significance. He pointed out that changes have occurred in our attitude toward foreign affairs because of the development of transportation by air and our dependence upon other countries for strategic materials. He recommended a close alliance between this country and our neighbors in the western hemisphere.

In touching on the problems of agriculture, the Congressman sketched the history of farm legislation and pointed out that few farm programs have ever been permitted to go into effect as originally passed. He emphasized the problems in drafting farm legislation, which would suit the needs and desires of farmers in all parts of the country and indicated that all farm legislation was the result of compromise.

The speaker was introduced by J. Ralph Peak, who was chairman of the program for the evening.

There were 85 Kiwanians and guests in attendance at the meeting. Preceding the program President Kenneth Cunningham announced that \$458.53 had been cleared from the Panacea and Sausage Pk. held by the club, Saturday, and tips in the amount of \$43 have been received and turned over to the High School Band Fund.

## Vandals Deface High School, Set Woodpile Ablaze

Jacksonville High school was visited by vandals Tuesday night and a large pile of wood for a homecoming bonfire at the high school was ignited at 12:10 o'clock Wednesday morning in a wave of lawlessness that is under investigation by the police department.

Six youths between 18 and 20 years old, none of whom attend high school at present, were rounded up and questioned Wednesday morning. Police reported that three admitted having been at the athletic field when the fire was started.

At the high school auditorium two large drapes were torn down. A cover was ripped from the piano. In the teachers' rest room the vandals poured the contents of a quart bottle of cleaning fluid over chair cushions, upset chairs, and committed other acts of destruction and obscenity.

Reading material on a bulletin board was pulled off.

Principal John Aeger said the intruders are believed to have gotten into the building through the stage door.

Patrolman Clyde Wilson went to the high school to make an investigation, while other officers rounded up six youths, all of whom were traveling in one automobile Tuesday night. They were taken to the police station and questioned by Chief Ike Flynn and other officers.

Firemen responded to an alarm at 12:10 a.m. from the athletic field. Gasoline had been poured over some of the wood. The pile was burning briskly when firemen arrived and put out the flames.

The wood has been piled in readiness for the homecoming bonfire Thursday night.

Chief Flynn said future action in the cases of the six boys will be based on what is learned after the investigation is completed.

## Circella's Try To Avoid Deportation Fails: To Appeal

CHICAGO (AP)—Nick Circella's efforts to avoid deportation failed in the U. S. Court of Appeals Tuesday, and his lawyer, Thomas M. Tracey, said he will appeal to the U. S. Supreme court.

Circella, 34, a minor Capone hoodlum, was ordered deported because of two felony convictions. He was sentenced in 1916 to 1 to 14 years for murderous assault. In 1944 he was sentenced to eight years in prison and fined \$10,000 for participating in a million dollar extortion conspiracy against the movie industry.

Circella alias Nick Dean, sought a writ of habeas corpus nearly a year ago to free him from the deportation order but Federal Judge William J. Campbell denied it. The appeals court affirmed that decision.

Circella is free on \$10,000 bond.

## Lutherans Approve Record Budget, More Solidarity

By GEORGE W. CORNELL. TORONTO (AP)—The United Lutheran Convention went into its final session today after approving a record-breaking new budget and a closer-knit governing structure for their church.

The changes in the church government, bringing its scores of agencies under central control, were seen as setting a far-reaching new pattern in the running of the 2,150,000-member church.

"It will make for greater solidarity," said Dr. Franklin Clark Fry of New York, the church president. "It means the total work of the church will have more united impact."

Adoption of the revamped procedures came Tuesday as the climactic event of the eight-day biennial meeting of more than 1,000 church representatives from the United States and Canada.

The church is America's largest Lutheran body.

## Ashland Church Has First Family Night Fellowship

ASHLAND—The membership and Evangelism Commission of the Methodist church sponsored the first family night of the season last Sunday evening.

The program, led by Mrs. Walter Adkins, was in honor of all members received into the fellowship since June of 1952. After an informal song period led by the pastor and Mrs. Elmer L. Beadles, Rev. Walter Dean read the scripture lesson and led in prayer.

James Riggs Harold Edwards and the pastor each spoke briefly on the opportunities for service in the church.

A half hour run on "Missionary to Walkers Garage" presented an effective and entertaining message on Christianity in daily life.

After the singing of "Bless Be the Tie that Binds," the group enjoyed the fellowship hour.

The Booster class of the Methodist church met at the home of Mrs. Lester Edwards last Friday evening at 6:30 p.m. for a wienner roast. Doughnuts, coffee and cocoa were furnished by the hostesses with the wieners and buns brought by the members. Mr. and Mrs. Bernard Deppie were assistant hostesses.

Miss Sallyann Plinn of Springfield, and Miss Thelma Jones of this city, were Friday evening dinner guests of Mr. and Mrs. Fred Prior, the occasion being in honor of the 31st wedding anniversary of Mr. and Mrs. Prior, who were married in Decatur in October of 1923.

Mr. and Mrs. R. J. White of New Berlin, and Miss Katherine Meyers of Pleasant Plains were Saturday evening dinner guests of Mr. and Mrs. Leo Reiser.

Mrs. Lee Bailey and Mrs. Harry Daniels of Philadelphia, and Mr. and Mrs. Cleve Smith of Jacksonville and son spent Sunday with Mrs. Myra Price.

A son was born to Mr. and Mrs. Homer Lewis, Jr., at St. John's hospital in Springfield last Friday.

Mr. and Mrs. H. L. Price of Pontiac, and the latter's sister and husband, Mr. and Mrs. Joe Walls of Lantieri, Ind., spent the weekend at the home of the former's daughter, Mr. and Mrs. Raymond Bloomfield and family.

Lillian Frank and Joe Gutman are having a grand opening of Lillian's Knotty Pine restaurant and Gutman's Bros. Red & White store on Friday and Saturday, Oct. 15 and 16.

Lillian was formerly fountain manager at the S. S. Kresge store in Jacksonville for the past 13 years. Her husband, Frank Gutman, was meat cutter at Sibert's grocery store in Jacksonville before taking over the Red & White store in Ashland, with his brother, Joe, who had been in charge of the store. This store was formerly known as the H. J. Lohmann store for many years.

Mr. and Mrs. Wilbert Fitzsimmons and Mr. and Mrs. Glyn Jones attended the funeral of Mrs. Jeanette O'Neal held in Decatur Monday morning. Mrs. O'Neal was the daughter of Mr. Fitzsimmons.

**Senate Group To Investigate N. Y. Coffee Exchange**

By SAM DAWSON

NEW YORK (P)—Coffee prices—after a year of fireworks that burned the fingers of America's household budget keepers—are being investigated today by a subcommittee of the Senate Banking and Currency Committee. The Senate group is trying to find out who's doing it.

At issue is not only the Federal Trade Commission's charge that the trading on the New York Coffee & Sugar Exchange played a villain's role, but also the larger issue of whether this and other commodities exchanges should be regulated by the federal government, much as stock trading has been brought under the eye of the Securities and Exchange Commission.

Coffee prices have been a sore spot with the American housewife. They have been a top political issue in Brazil, whose economy they largely support. The Brazilian political battle reached a climax with the suicide of President Vargas.

The rise and fall of coffee prices has been the most spectacular here of any commodity. It has pulled unusual weight in many of the various commodity price indexes and has even colored to a surprising extent the larger consumer price index which most folk call the cost of living index.

The price fireworks have caused harsh words between consumers in this country and producers in Brazil and intensified the suspicions here of many consumers against the middlemen. The Roasters have replied that they couldn't help themselves, and the Brazilians have put the blame on the weather.

Here is fabulous year of coffee. Last October green coffee beans of a commonly used grade could be bought here for 60 cents a pound. Roasted, packed in a vacuum tin and distributed to the grocer, a pound cost around \$1 retail.

But traders on the exchange already had bid up the price of coffee beans for future delivery here. They cited reports from Brazil of heavy crop damage there from frost, and they reasoned that when the new crop reached here by the end of the year prices would be soaring.

With the beginning of the new year, prices of green coffee here began to rise, reaching a peak of 95 cents April 1, and holding near that level until June. At that time the Brazilian government again raised the price of coffee for export.

But the scheme didn't work. Retail prices of roasted coffee in the United States had climbed as high as \$1.45 a pound. Housewives cut back sharply on their buying. And many of them issued orders that in their homes there'd be no more wasting of coffee—and more drinking of other beverages.

Coffee traders here stopped buying from Brazil. They had two reasons: The price resistance on the part of the American housewife, and word from South America that coffee supplies there were larger than had been predicted.

The U. S. Department of Agriculture came out with a report that the supply pinch was about over, that world coffee production actually was slightly in excess of consumption.

The Brazilian government, unable to sell its coffee, cut prices in August. Future prices dropped fast on the Coffee Exchange. Retail prices have come down here, too. Green beans are down to around 68 cents a pound and prices for future delivery are as low as 52 cents.

Brazilians, however, keep on saying that supply and demand will keep prices about where they are now.

It's against this background of starting rise and as sharp a fall that the senators begin their probe of how it happened, the role of the exchange, and the hotly controversial question of regulation of exchanges.

**Graveside Services**

Graveside services for W. Frank Thompson of Davenport, Iowa, who lived in Pittsfield as a youth, were held at the West cemetery at 2 p.m. Monday afternoon, in charge of the Rev. Dale Pitcher. The body had arrived at the Sutter Funeral home on Sunday. The decedent was a son of the late William Thompson, a pioneer resident and school teacher who lived on Piper Lane. He had been gone from this city for many years. Among his survivors are a brother, George Thompson, also of Davenport, who with his wife, the former Irma Siegle of Pittsfield, have often returned here for a visit.

The local Army Mother's Appreciation Program presented at the Legion hall on Sunday afternoon was largely attended by veterans and their guests. Included on the program was music by the high school band, group singing of patriotic songs led by Miss Dorothy McTucker of Barry and accordion music by Vernon Johnson, Grace Matteson, Gayle Myers and JoAnn Musgrave. The address of welcome given by Vernon Johnson, commander, was responded to by Atty. Lewis M. Grigsby. The Hon. George Vasconcellos, service officer from Jacksonville was the guest speaker. Many listeners were surprised to learn that there are as many as 750 veterans in the Jacksonville hospital. The local Army Mothers Post 4 have been greatly interested in this group of veterans.

Following the program punch and cookies were served.

St. Joseph Aspirin For  
Children. I always look  
for the name. It has my  
complete trust."

ST. JOSEPH ASPIRIN FOR CHILDREN

Mr. and Mrs. Alma Hubbard, of Carrollton, took place Saturday, Sept. 25, at the home of Rev. Smith of Alton.

Their attendants were Miss Pat Sherwin, sister of the bride, and Edward Sebastian.

Both Mr. and Mrs. Hubbard are employed at the Owens Illinois Glass Co. in Alton.

Injured By Piano

Wilson Smith, janitor at the Patterson Grade School, was painfully injured Friday when, in moving a piano, it overturned, catching his hand underneath. He was taken to the office of Dr. Stekley for treatment. While no bones were broken, the hand was badly mashed.

Mrs. Laura Arnold, who is 85 years of age, underwent surgery last week at the Passavant Memorial Hospital in Jacksonville, and is reported doing well.

Honored By Family

Mrs. Richard Hicks was honored guest at a family gathering held Friday evening at the home of Mr. and Mrs. Carroll Shive in White Hall. She was the recipient of several nice gifts at a pink and blue shower given her by her relatives.

Present besides the hostess, her husband and two daughters, Donna and Elaine, and the honored guest and her husband and two daughters, Melita and Mary Jane, were Mr. and Mrs. Oscar Anderson, Mr. and Mrs. Lee Anderson, Mr. and Mrs. J. O. Kemp, Mr. and Mrs. Raymond Vestel and children, Ruth Anne and Ronnie, all of Roodhouse and vicinity, Mr. and Mrs. Carl Kemp and children, Carol and Jimmie, Mr. and Mrs. William Wald, Mr. and Mrs. Norville Hicks, and Mr. and Mrs. Gene Lemon and children, Carolyn and Janis. Later callers in the evening were Gene Lemor and son, Merle, and daughter Marilyn, and Mrs. Barbara Thomas.

Refreshments of cookies, cake, coffee, cider and cocoa were served.

Mr. and Mrs. Richard Hicks and two daughters called on Mr. and Mrs. C. H. Dawdy and daughter, Lucille, Thursday evening.

SOLID HISTORY

OMAHA (AP)—Remember the old popcorn wagon? One still is operating here after 54 years. The wagon first saw service in 1900, has had three owners, and now is operated by William Bly, 74, who has owned it since 1940 when he retired as a truck driver. Some of the "grandchildren" of patrons who bought popcorn in the early part of the century now patronize the wagon. Only change is replacement of the gasoline-operated popper with an electric one. A city fire law required it.

SUPER UPSWEPT — That's all hair atop the head of Lucia Danzinger, wife of a famous Austrian hairdresser. The coiffure was called "Christmas Tree" and was entered in the world championship hairdressing contest, Brighton, England.
